

Holy Stone Enterprise Co. Ltd

Holy Stone Acquires Hitachi Tantalum Line

On April 1, 2010, Holy Stone Enterprise Co. Ltd, concluded the acquisition of the Hitachi Chemical Electronics Co., Ltd (Hitachi AIC) Tantalum and Niobium Capacitor division. The new company is known as Holy Stone Polytech Co. Ltd. (HPC).

Hitachi Chemical and Holy Stone have had a long time cooperative relationship and will continue to work closely together to ensure that the transition from Hitachi to Holy Stone is seamless for our customers. Holy Stone Polytech will continue operations in the existing Miharu, Japan factory. The Hitachi part numbering system will also remain the same under HPC.

The addition of Tantalum and Niobium capacitors to Holy Stone's existing Ceramic Capacitors expands our offering of high technology, application specific capacitor solutions.

Please contact your regional Holy Stone sales office for all inquiries relative to the product line.
